

SEALCON

Sprayable Curing, Sealing, and
Hardening Compound

1. Product Description

a. Basic Use: Sealcon is a clear sodium silicate based solution that will cure, harden, seal, and dustproof fresh or old concrete.

b. Features & Benefits:

- Cures, seals, and hardens in on operation.
- Resists acids, oils, salts, and water.
- Resilient flooring adhesives and paints can be applied to treated surfaces.
- Will not clog spraying equipment.
- Odorless, non-combustible, and non-toxic.
- Easy to clean up with water.

c. Typical Application: Use Sealcon on concrete above or below grade. Sealcon is intended for both interior and exterior use. Use it to multiply the life of heavy-duty floors in factories, institutions, schools, restaurants, hangars, and parking garages. Use on floors subjected to abrasion or acids. Do not use on colored concrete.

d. Storage: Keep from freezing.

2. Packaging

Sealcon is packaged in a 1-gallon can, 4/1-gallon case, 5-gallon pail, or a 55-gallon drum.

3. Coverage

Sealcon covers 500-600 square feet per gallon. Successive coats will result in less absorption and require less material.

4. Directions for Use

a. Application: For best results, apply with low pressure hand or power sprayer. Squeegee or roller is acceptable. Temperature must be 40°F (4.4°C). Longer wearing surfaces can be achieved with two coats. For old dusting concrete, three coats may be required. Apply to form a continuous film over the surface. Brush out puddle and runs immediately. Allow solution to dry between coats. Depending on temperatures, it will usually dry in 45 minutes to one hour. Before any traffic is permitted, allow to dry for 24 hours.

5. Warning

Contains sodium silicate. May cause skin and eye irritation. If product comes into contact with eyes or skin, flush immediately for 15 minutes with water. Contact if product comes into contact with eyes.

6. Availability

Sealwall Secure Crete is normally available immediately from your local distributor or it will be shipped within 4 working days upon receipt of order. Please contact your local Sealwall representative or call Sealwall Products directly for more information.

7. Warranty

Sealwall Secure Crete is manufactured in strict accordance with the quality control standards of Sealwall Products. It is guaranteed to perform as indicated on this data sheet when applied by competent applicators.
